

**They've  
worked too  
hard** to be  
denied care.

It's still tough out there. Thousands of Mainers have lost their jobs or are struggling in jobs without health insurance and don't have access to affordable health care. Accepting federal funds to expand coverage will give hard-working families the security of knowing they can get the health care they need. This will also give Mainers access to critical, lifesaving preventative care and treatment for chronic diseases like cancer, heart disease and stroke. In addition, fewer people will be forced to seek expensive emergency room care.

Call 1-800-480-3923 and tell your legislators:
